chise county comprises only 4,000,000 acres.

The basis for this charge is to be found in the fight that was made in what is known as the Warren case. That was a case in which the title to a large number of mining claims in Cochise county was in issue. The case was fought through all the courts and at the conclusion the title was awarded by the highest judicial authority to Smith and his associates. The amount involved is said to have been about \$5,000,000, and that is probably the source of the Democratic claim that Smith owns 3,000,000 acres in southern Arizons.

Cameron's Cadet.

The fight against Cameron just now is based on the ground that some years ago he recommended for appointment to a cadetship at the Annapolis naval academy a boy named Stanley Wilson, who was alleged to be a resident of Boston.

The truth is that several other young The truth is that several other young men, who had made application for this position, withdrew or were disqualified because of age or for other reasons. Then young Wilson got the appointment, to which there was not a shadow of doubt he was entitled. The charge that he was a non-resident is based on the fact that he had been attending school in Bosion and took the examination shortly after his return home to Prescott at the end of a term.

Ashurst and McNamara, In at least one political speech, Henry P. Ashurst, Democratic candidate for the United States senate, has declared that the McNamaras were in his judg-

of the Democratic candidates who are likely to be elected to the legislature are not precisely friendly to the Globs statesman nor to his theories of government, and some lively doings are anticipated when the legislature meets Also, as under the constitution the governor is invested with the veto power. Mr. Hunt would have a powerful leverage for shaping legislation. And as he has declared for the original constitution "lust as it was written," and as there is almost no likelihood that the legislature will ever try to enact a recall law strictly in accord with the original measure, the chances for intense Democratic disagreement and a full sized political fight along this winter are by no means remote. All this of course, is predicated upon the assumption that Mr. Hunt and a Democratic legislature will be elected.

Little Campaign Funds.

Little Campaign Funds. The Democrats are a little better off han the Republicans, but even they are of believed to have any large amount money to spend in the present camalgn. So, this first state campaign in risona, is a cleau one so far as the se of money is concerned. Mr. Hunt. the Democratic candidate for governor, is a wealthy man, but no one has ever accused Mr. Hunt of throwing money away on elections or anything else. In fact, it has to be said that the Democratic committee was far from pleased with the size of Mr. Hunt's contribu-

Within the past few days the Democrais have industriously spread the report that the word was quietly passed ional amendment and thus keep Arizona out of the union. Republican news-papers and leaders denounce this as false, of course. The plain fact of the mise, of course. The plain fact of the mase is that no such move had ever been attempted by the Republicans. No word of this kind had ever been passed fround by anybody. No instructions has been issued either by Espublicans or Democrats for anybody to vote gainst the amendment. To be sure, there will be some votes against the elimination; but they will be cast by the radical element—by men who take the stand that was taken by Bourne, Cumming, Chapp and their conferees in the senate—that they would rather not have statehood at all than have it unthe terms affered by president

Will Handle Passenger End of T. & P. Here After December 16

A. S. Wagner, of Houston, Texas, has cent. been appointed district passenger and ticket agent at El Puso for the Texas and Pacific railroad, effective Dec. 16. ment innecent of the crimes with which they were charged, and that their prosecution was an outrage. A good proportion of the public will wait with bullas headquarters Tuesday and a some interest for Mr. Ashurst's next portion of the public will wait with some interest for Mr. Ashurst's next manifesto.

The Republicans are playing a rather strong card against Mr. Ashurst. In the primary election his home town of Williams cast 147 votes, of which he received 20. 'If a man stands no better than that at home, where he is known by everybody," it is asked. 'Is he the kind of man to be entrusted with the important duties devolving upon a United States senator?"

The McNamara confession will undoubtedly have considerable of an effect on the Arizona vote. It will cut down the socialists have so strongly alled themselves on the side of the defendants, and had brought the case so preminently to the front as an issue, that many will refuse to vote with them.

The final rally at Tueson was held by the Republican congressional can-

them.

Thesen Bally.

The final rally at Tucson was held by the Republican congressional candidates last evening. The speakers were Ralph Cameron, Hoval Smith and John S. Williams. The rally brought out by far the largest crowd of the campaign, one of the largest crowds, in fact, that ever assembled in Arizons at a political meeting.

Hunt is elected there will probably be some rather merry times before the end of his administration. Many of the Democratic candidates who are likely to be elected to the legislature as not precisely friendly to the Globa are not precisely friendly to the Globa.

The final rally at Tucson was held devote his entire time to the freight so the freight service of the tailroad, which is to be cared for by the construction of a new \$75,000 concrete and steel freight terminal station on the T. & P. reservation, where the present freight station is now located.

No other changes will be made in the El Paso office of the freight and passenger agent of the company, will continue in the service of the freight and passenger as ticket agent and J. H. Neece as office man at the El Paso headquarters.

RUNS ON TIME

Public May Inspect It at the

The Southern Pacific train de luxe, due to arrive in the union station at 9:45 p. m. tonight, is establishing itself as a standard train by running every stile of the way from New Orleans to El Paso on time. The train includes the three standard Pullman cars Creele, Momus and Antilles, assued for the three big coastin- steamships which ply between New Orleans and New York on the Southern Pacific line, a dynamo baggage car which generates the juice for lighting all of the cars, a new dining car and a new observation car. The train is being brought to El Paso by engineer Howe in command of the big battleship engine No. 291, and conductor Desmond, one of the veteran passenger men in the service. Superintendent G. S. Wald and assistant superintendent Wessell are making

the christening trip on the new palace Pullman train. Every possible convenience has been arranged for the passengers on the train de haxe. The shower baths are proving a luxury which transcontinental travel has never known before. Maids, manicurists, stenographers (men only) porters and waiters are provided on the train to care for the comfort of the passengers, who include a number of bridal parties, according to the advance wire reports from Del Rio received by general agent W. C. McCommack. Telephone connections are to be made

with this train at all terminals so that with the local and long distance tele Although the train will arrive late Tuesday evening, the public is invited to inspect it in the union station yards. There were 500 people at New Orleans

to see it when it left. The train de haxe from the west will arrive Thursday at 9:30 s. m.
